BRIDG WATER TOWN CENTRE
A COMMUNITY OF OPPORTUNITY

PROJECT DESCRIPTION

Located at the gateway into the Bridgwater community, Bridgwater Town Centre is destined to be the gathering place for local residents of the Bridgwater Neighbourhoods. Among the locals, visitors from near and far will share in the experience of interacting in a neighbourhood designed for people.

Architecturally unique, the design is focused on creating a sense of place and gathering with emphasis on energy efficient design, accessibility, visibility, and walkability. Established gateways are beautifully marked with monuments, architectural elements, and hard and soft landscaping features that uniquely characterize the community. The key design goal and development strategy is to intertwine a commercial and residential program through the creation of a pedestrian friendly environment incorporating the “Live, Work, Play” attitude.
